North American Society of Pharmacovigilance (NASoP)

Introduction

Maribel Salas MD, DSc, MSc, FACP

November 2021
Vision & Mission of NASoP

Vision:
• To be a leader of pharmacovigilance in the North American region

Mission:
• To promote the safe use of pharmaceuticals in the North American region through the integration of pharmacovigilance with clinical medicine, pharmacoepidemiology, genetics, informatics, molecular biology, public health and other disciplines
NASoP Executive Committee

Chair: Maribel Salas
Vice Chair: Tina Bostic
Secretary: Kenneth Maynard
Treasurer: Dinesh Kasthuril

Program/Special Projects: Marina Malikova
Membership: Omar Aimer
Policy
Maxine Gossell-Williams
General Organizational Structure

ISOP

NASoP Executive Committee

NASoP Members
NASoP AIMS* 2021-2024

**Networking**
- Provide the platform for **networking of professionals in a friendly environment**

**Research & Evidence Generation**
- Increase research & evidence generation to foster safety science in various areas including **pharmacogenomics, safety biomarkers, and application of real-world data and artificial intelligence in safety**

**Collaboration**
- Increase **collaboration with international organizations** such as WHO, UMC, ISPE, ISPOR and others, as well as other ISoP chapters and ISOP-SIGs
- Work with academic institutions to include PV in the curriculum of health care professionals

*ISoP aims to foster science, learning and research in pharmacovigilance in all countries*
**NASoP AIMS 2021-2024**

**Growth**
- Maintain NASoP in social media for easier and broader communication and to attract new members

**Education**
- Encourage PV education and training at all levels by continuing education programs, webinars, certificate and degree programs
- Provide the forum for discussion, debate and education in PV with key stakeholders including patients’ organizations

**Communication**
- Promote communication and dissemination of information through publications and presentations (e.g. annual NASoP meeting)

# Current Activities

## Manuscripts under preparation

- COVID 19 Update
- The use of machine learning in pharmacovigilance. Systematic literature review
- Systematic review of the use of artificial intelligence in Pharmacovigilance
- Re-purposing of Drugs
- Safety monitoring and trends
- Changes in devices-related regulations in Canada, EU and US

## Other

- NASoP Logo
- NASoP ByLaws

### Additional Board positions:
- Membership Coordinator
- Policy Coordinator
Yes, we can!
Sí se puede!
Oui nous pouvons!
