### Abstract submission guidelines and formatting instructions

The International Society of Pharmacovigilance (ISoP) would like to invite you to participate in the ISoP Mid-Year Symposium, which will take place on 1-2 June 2023, in Leiden (Netherlands).

Key topics that will be discussed during the symposium are:

- The concept of causality
- Data sources for signal detection
- Innovative methods for signal detection
- Implementing pharmacovigilance in clinical practice, practical examples
- Stakeholders' pharmacovigilance needs

We want to offer students and researchers the opportunity to present their research in the form of flash presentations (5 minutes).

Abstracts should consist of original research fitting to the theme of the conference 'Pharmacovigilance: where science meets practice'. Please note that there will be no posters, **only short oral presentations** (5 minutes plus 2 minutes for discussion).

Accepted abstracts received by the submission deadline and submitted by presenters who have paid their registration fee will be published in the meeting handouts. Abstracts must be submitted in English only.

#### Abstract Submission deadline: 17 March 2023

The abstract submission deadline: **17 March 2023**

Accepted abstracts notification: **7 April 2023**

The registration deadline for presenters: **21 April 2023**

Submit abstracts to: [administration@isoponline.org](mailto:administration@isoponline.org)

Authors are responsible for confirming that the Secretariat office received the abstract within the deadline.

Presenters of accepted abstracts are required to register for the conference and must pay the appropriate registration fee before 21 April 2023.

### Instructions to Authors

Before proceeding to submit your abstract, please read the author instructions to ensure you have all the information needed to complete the submission process. Abstracts that do not conform to the requirements will not be accepted.
